

How to submit to Receipt Bank

It's easy to submit to Receipt Bank!
Just choose the submission method
that works for you...

Mobile app - Download the Receipt Bank mobile app onto your smartphone and take pictures of your receipts to submit them in real time. Head to the App Store or Android Play Store and follow the instructions to get started.

Email in - Receipt Bank will provide you with a unique "@receiptbank.me" email-in address. All you need to do is forward an email with your invoice attached. Ask your accountant, bookkeeper or CPA for your email-in address.

Direct Upload - Scan your receipts to PDF and upload directly to your Receipt Bank inbox. You can scan a multi-page receipt to a PDF or scan up to 50 single page receipts to a PDF and upload with a single drop.

Invoice Fetch - Use Receipt Bank to find your online invoices and upload them. Ask your accountant, bookkeeper or CPA for access.
